

## BOMAG 2.5 t articulated tandem roller.

Flexible high-utilisation rollers with compaction control.

# BOMAG 2.5 t articulated tandem roller.

**BOMAG BW 100 and BW 120 – these new high-utility models feature low operating costs, superb performance and high comfort levels for the operator. For the first time in this roller class a system for continuous compaction control is available: the BOMAG ECONOMIZER.**

## **Outstanding ergonomics developed in conjunction with experienced roller drivers**

- Operator platform with top operating, seated and driving comfort as well as generous space
- Operating comfort – travel lever on both sides with armrests (optional)
- Seated comfort – the driver's seat can be shifted sideways (optional)
- Driving comfort – the quietest machine with the lowest hand/arm vibrations in its class

## **Maximum safety**

- Seat contact switch, emergency stop
- A choice of reverse travel warning systems (optional)
- High stability, anti-tip feature; safe transverse tilt up to 30°

## **Legendary quality**

- BOMAG standard quality of all machine components for extended long-term availability
- High impact-resistant plastic hood
- Robust controls
- Cable protection with tied wiring looms
- Proven Kubota diesel engine and highest quality hydraulics

## **Reduced ownership costs**

- Super-low diesel consumption: 35 l tank lasts 12 operating hours
- Unbeatable resale values

Fleet management using BOMAG TELEMATIC.

Edge cutter and roller for clean edges.

Easy and safe to operate.

Easy checks: Air (1), oil (2), water (3) – fast access: time saving.

**Options and accessories**

- Chip spreader, sun roof with weather protection, optional lighting and much more
- Edge cutter and roller for either side

**Extended utilisation**

- Flexibility for asphalt , granular and earthwork materials with tandem or combination versions

**Proven performance**

- Fully documented supporting site examples on all material types

- Powerful and manoeuvrable rollers with large diameter drums, 50 mm crabwalk and gradeability up to 35 %
- No stop-go work: ample 220 l water tank and high capacity 35 l diesel tank

**Easy servicing**

- Daily visual inspections replace maintenance work – with quick, simple access
- The exciter system , articulated joint and steering cylinder are all maintenance-free
- Extended hydraulic service intervals
- Simple scheduling and monitoring using BOMAG TELEMATIC

ECONOMIZER – displays compaction status for early detection of soft spots.
